Services Offered:

Pick-Up Points:

Every zone/area will have several designated pick-up points to collect the students. We will attempt to make all pick-up points a reasonable distance from residences.

All route schedules, designated pick-up points and collection timetables will be completed and registered with you before the start of the upcoming school year.

GPS, Trace and Track Application

Upon enrollment and once all route schedules are finalized you will be given access to the transportation services mobile application and website. This will allow you the ability to receive immediate notifications, emergency alerts and real time bus monitoring. Your child will be registered upon entering the bus and exiting the bus. You will have the ability to cancel daily service through the application and make notifications to the transportation service.

SPECIAL CONSIDERATION:

Upon registration it must be indicated which of the three scheduled times your child will depart from the school. We understand that you may not know if your child will attend an after school activity upon registration, please register using the 2nd collection time.

BY SEPTEMBER 28, 2018 the transportation service department **MUST** be notified of your child's after school activities and the buses will be appropriately designated.

A student will NOT be allowed to vary the times of departure. If there is a valid need to switch a scheduled time due to educational needs or a educational meeting. **Prior** notification must be made to the transportation service or the student will **not be allowed** on another scheduled departure bus.

We aim for a maximum travel time of 45 minutes, with arrival to St. Julian's scheduled by 8:15 AM and no later than 8:20 AM. The expected return for each of the scheduled PM return times is between 45 minutes. We cannot yet assure/compromise with the exact timings, due to the nature of the service and enrollment amount.

DISCLAIMER/AVISO:

Please be advised that in case of insufficient enrollment numbers, St. Julian's School will not service certain zones/areas or routes.

Terms and Conditions:

1- Enrolment for the Transportation service must be for the full academic year. Withdrawal from the annual service is only allowed at the end of each term. If no notification of withdrawal is made to the Transportation Department there will be **NO MONETARY REFUND. Refunds will be Granted case by case.**

2- Prices are subject to change dependent upon student enrollment within the transportation service.

3- **After the 31st of August 2018, any request for service will not be guaranteed. Any request after August 31, 2018 must be compatible with the routes in existence**
